WEST LIBERTY, MORGAN COUNTY, KENTUCKY, THURSDAY, NOVEMBER 18, 1915.

WHOLE NUMBER 283.

SEARCH COUNTRY IN BIG WAR PLOT

President Directs Attorney General to Push Prosecutions to the Limit.

ANOTHER MILL IS BLOWN UP

U. S. Government Likely to Cancel the Exequatur of Every Consular Official Implicated in Alleged Conspiracy-Wilson in Charge.

Wilmington, Del., Nov. 15.-Within twelve hours after it was reported that the company had secured an order for 72,000,000 pounds of powder for the allies, an explosion blew up a mill of the Dupont Powder company at Hagley, near here. The mill contained 300 nounds of nowder. No one was injured in the explosion, which occurred early in the morning.

Washington, Nov. 15.-Cancellation of the exequatur of every consular official implicated in the plots against the neutrality of the United States will likely be the first result of the renewed nationwide investigation now in progress. It is understood that President Wilson favors such action and that it will be taken should the proofs now being sought by the agents of the justice department and the secret service be as conclusive as the reports now available indicate.

In connection with the declaration of Dr. Josef Goricar that the German and Austrian agents in the United States have spent \$30,000,000 in efforts to destroy, tie up by strikes, and otherwise interfere with the plants manufacturing and steamships carrying munitions for the allies, it is known that an agent of the department of justice has secured a statement from him regarding the facts he says easily can be proved.

Wilson Directs Investigation. These facts are now being investigated and a complete report is to be made direct to President Wilson, who is directing the general methods of

The president, it is understood has made it plain to Attorney General case where the evidence obtained is sufficient to warrant placing it before a grand jury. The administration has now taken the position that there is y no use in holding off prosecutions in the hope that the persons interested in closing down munition plants here would voluntarily abandon their ef The reports of the special agents now investigating the plot indicate that its ramifications extend to every section of the country. So wide spread is the conspiracy, it is stated here, that the department of justice already has assigned 250 special agents to investigate, and even now has not enough men available.

Zwiedinek Denies Charges. In connection with the suggestion, that the exequatur of every consular official implicated in any way in the plot be canceled officials pointed our that evidence that would convict in court is not necessary to warrant such action. The very fact that the official is believed to be implicated in any movement that is intended to hamper American industries would be sufficient, the department of justice says.

Baron Erich Zwiedinek, in charge of the Austrian embassy, reiterated his statement that Doctor Goricar's charges are a "pack of lies" and said that he will so demonstrate to Secretary of State Lansing. Ambassador von Bernstorff is also expected to call at the state department next Monday to deny any connection of the German embassy with any plot.

LEAPS 13 STORIES: LIVES

High Jump Fails to Kill Chicago Man -Another Falls Four Feet and Dies.

Chicago, Nov. 15 .- Stanley Brabec leaped from the thirteenth floor of the Monon building. His hurtling body crashed on top of an elevator that was standing at the first floor. They went to gather up his mangled form. "I'm all out of breath," gasped Stanley. An examination showed that he davits from survivors of the latest had suffered a broken leg and a fractured knuckle.

aged twenty-four, a teamster, fell from the seat of his wagon to the pavement, a distance of four feet, and was instantly killed.

CITY OF VELES IN FLAMES

Violent Artillery Battle Reported to Have Set Serbian Town on Fire.

Budapect, Nov. 15.-The Serblan city of Veies (Koprulu), around which Chamber of Deputies Authorizes Govis violent fighting, is reported to be in flames from the artillery fire. The Bulgarians advancing on the Toplitza line have occupied the heights south of Ribare, endangering the Serbians' treat. The French south of Veles ive just received 10,000 re-enforce-

New Ships for British Navy. London, Nov. 15 .- Fourteen superdreadnaughts have been added to the British fleet since the war began, it was announced here.

MISS MARGARET LAKE

Miss Margaret Lake, daughter of Simon Lake, inventor of submarines, to Herbert Diamond of New Haven, Conn., an assistant professor of sociology of Yale university.

Orient Railroad.

Serbian Army, Surrounded on Three Sides, Vallantly Fighting Germans-Italy May Ald Serbs.

London, Nov. 15. - Anglo-French troops in Serbia are still 125 miles from Nish, the nearest point at which they can strike the main line of the Orient railroad over which Germany is reported to be sending ammunition and guns into Turkey.

While the Serbians claim to have allies in the south is tedious and painful in the face of strong Bulgarian resistance.

Bulgarian troops holding Veles (Koprulu) are being violently attacked by the Anglo-French forces. A great artillery duel is in progress southeast of Veles on the Krivolak-Strumnitza line.

In north central Serbia where the Germans are operating there is violent fighting in the mountains west of Nish and south of Krushevatz.

The little Serbian army at grips with the Germans is fighting valiantly. but its position is precarious, for it is surrounded on three sides by Austro-German and Bulgarian troops.

High expectations have been aroused in London and Paris by advices from Rome that Italy is going to co-operate actively with the allies in the Balkans. The inference was that Italy has decided to send troops to reenforce the Anglo-French forces, but whether these re-enforcements will be sent to Serbia or to the Dardanelles is a matter of speculation

It is officially announced that Denys Cochin, a member of the Briand cabinet, has left for Saloniki. M. Cochin was appointed to the ministry without any particular portfolio being assigned to him. It is understood that he goes to Saloniki upon a joint milltary and diplomatic mission.

NEW COMMISSION TO BRING PEACE FROM THE ANCONA

Doctor Jordan Declares Continuous Mediation and Conciliation Will End War.

TO HOLD MEETING AT BERNE DR. GREIL'S GRAPHIC STORY RECORD OF GAME KILLED

Proposed Commission, If Established, Would Create Clearing House or Center for Peace Discussions-Do Nothing Spectacular.

Washington, Nov. 15 .- In a format statement issued here, Dr. David Starr Jordan, president of Leland Stanford university, declared his belief that a permanent commission of continuous mediation and conciliation, such as he proposed to President Wilson, will result in peace being brought about in

Jordan's Statement. Dr. Jordan's statement follows:

There is not necessarily a definite dea that a joint peace commission o the neutrals could be established be fore Christmas, or at any time definitely to be set, my remark to the press being solely to the effect that that period, traditionally and historically devoted to the interests of peace, would be a good time for thinking it over. There is, however, an un official meeting of this kind to be held at Berne, December 14 to 18, at which time some dozens of the leading advocates of friendly international relations will be present, this meeting doubtless leading up to the estab-Allies Still 125 Miles From the lishment of the more formal and permanent commission of continuous mediation and conciliation.

Act as Clearing House. might not be successful in its main to the other. purposes, though personally I feel sure that it will be. It might not shorten the war directly, but it would crein every nation of Europe. It would the stern. while the Serbians claim to have might even not be directly heard of terical from fear. Show that the leasted Kentucky's first game preserved to be in porthern Serbia the advance of the linees, begging me to save her, I start. without delay in every in northern Serbia, the advance of the United States takes part in it in any ed to reassure her, but our convers: a commission is certain to be established."

THRILLING FLIGHT HUNTERS ASKED

American Woman's Maid Shot Down at Her Side in Stateroom.

Gymnastic Ability Enables Her to Escape After She Is Barred From Boats - Austrian Submarine Continually Bombarded.

Paris, Nov. 15 .- Dr. Cecile L. Greil. the American woman who was a passenger on the Italian liner Acona, which was sunk in the Mediterranean by an Austrian submarine, saved herself by jumping from the deck into a boat, many feet below in the water.

Details of the escape of Doctor Greil and further news of the manner in which the Ancona was destroyed were received here. Doctor Greil had a hairbreadth es-

cape from death. Her maid was killed by one of the shells fired from the submarine. While the passengers were piling into the boats the submarine continued to bombard the ship. Ship Riddled With Shells

According to Doctor Greil's story the tornedo which finally settled the Ancona was not fired until the ship had been riddled with shells.

"The weather was slightly foggy at the time of the attck," said Doctor Greil. "I was in the dining room of were shouting orders and men and fish. "The commission, if established, women were rushing from one side
